DETAILED ACTION

Remarks

The previous restriction requirement could have been inadvertently mixed up with another application. Thus, the previous restriction requirement is withdrawn in response to applicant's argument filed 4/17/2008.

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-13 and 22-25, drawn to a method;

Group II, claim(s) 14-18, drawn to a structure;

Group III, claim(s) 19-21, drawn to a system.

2. The inventions listed as Groups I, II and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

Group I drawn to a method for identifying misalignments in an overlapping region of a stitched circuit; Group II drawn to a resistor structure; and Group III drawn to a system for measuring misalignment. They do not relate to a single general inventive concept.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hsien-ming Lee whose telephone number is 571-272-1863. The examiner can normally be reached on Monday through Friday (8:30 ~ 17:00).
